

## **PUB 2017 - Virginia Car Judging Event**

### **Looking for a Few Good Cars!**

We are extending an invitation to ten Pagodas that are close to concours ready, but are looking for a little help in getting to the concours level, to sign up for the PUB-Virginia Pagoda Judging Event. If you have considered entering your car in a concours event, but feel you are not quite there yet, the PUB-Virginia Judging event is for you.

The judging will follow Mercedes Benz Club of America (MBCA) guidelines. We understand that cars will be driven long distances, so allowances will be made for road dirt; you will not need to spend hours cleaning your car to get ready. Also, we will not judge the undercarriage. The purpose here is to give Pagoda owners whose cars are close to concours condition, the added information and confidence to make the right choices to be ready for any future concours level judging at a local, regional, or MBCA show.

We will have experienced US MBCA judges paired with all-star international volunteers looking over the cars. We will be using the regular MBCA score sheet. Due to time constraints with other PUB-Virginia activities, we are only able to accept 10 entries.

The cost for judging will be \$20 cash, paid at the time of judging, if interested please email 2-3 photos of your car, exterior, interior, engine bay to [jon113SL@att.net](mailto:jon113SL@att.net) along with contact information.
